Job goals

As a Law student, I am always aware that I need to fully equip myself with a solid source of knowledge to build a strong enough foundation for my dream job. According to the sentence "Learning goes hand in hand with practice", I definitely want to experience and apply my knowledge through working as a legal intern, in addition to the academic knowledge I have previously acquired. From there, take it as a valuable lesson and experience for future work.

Professional Experiences

Personal tutor

10/2023 - present

Freelance

Through this work, I have improved my communication and listening skills, as well as consolidated the knowledge I have gained in the process of teaching students, encouraging them to do homework, and developing their self-study abilities.

Part-time Staff

06/2023 - 01/2025

CGV Cinemas

With this job, I have trained my time management skills and improved my ability to work effectively with teammates. At the same time, my ability to handle situations has also been significantly developed. As part of the service industry, I have applied my communication skills to contribute to customer satisfaction.
