What attracts me most about Circle K is its professionalism and well-structured, legally compliant franchise model. With the desire to work in such a professional environment, I am applying for the position of Legal Intern at your esteemed company.

I have graduated with a Bachelor of Laws degree from the High-Quality Program and have practical experience at the People's Procuracy and a law office. During my work, I have performed various tasks relevant to this position, including:

- Drafting and reviewing the legality of contracts, official letters, minutes, and other administrative documents;
- Supporting the research, analysis, and synthesis of legal documents related to business and litigation;
- Handling administrative procedures and assisting lawyers in legal cases;
- Proficient in office computing (MOS Word) (basic computer certificate) and possessing a good English foundation (TOEIC 710), enabling me to easily access international legal documents.
- Additionally, I always pay attention to detail, responsibility, and the ability to work independently as well as in a team.

Particularly, the company's vision of convenience and innovation aligns perfectly with my career development goals in a dynamic and customer-centric environment. I believe that working at Circle K will help me develop my legal expertise while contributing to the company's success. With the above in mind, I kindly request the opportunity for an interview to discuss in detail and demonstrate how I can meet the needs of your esteemed firm.

I have attached my personal documents for your reference.
